

## ADHESIVES/SEALANTS

**LOCTITE**

**01-06831**

General Purpose Spray Adhesive - high performance, premium quality formulation that dries clear and has superior bonding strength. Will work on a variety of porous and non porous materials. It is ideal for bonding paper, cardboard, fabric, leather, lightweight wood, cork, puzzles, models, decorations or for bonding these materials to metal, glass and wood

**LOCTITE**

**01-06832**

Heavy Duty Spray Adhesive premium formulation creates high strength & high temperature permanent bonds. Use on trim work, door panels, or other difficult applications. Made for decorative laminate work on furniture, cabinets or woodworking areas. Use on: wood, upholstery, trim, furniture, metal, laminates, carpeting, kick plates, plastic, molding, shelving and signage

## SUPER BOND ADHESIVE

**LOCTITE**

**32237** (49502)

LePages  
Super Bond Adhesive, up to 5,000 PSI, permanent bond for economical "on-the-spot" repairs of nonporous materials.

## PLUMBERS SEALANT

**LOCTITE**

**32246** 59ml

Plumber's Choice Sealant. Thick, no-run formula is easy to apply, dries crystal clear, fully water-proof, dries gradually, allowing time to reposition parts

**Suggested Uses** Sealing leaky pipes, mending cracked porcelain or replacing loose tile

## ABS CEMENT

**Oatey**

**31540** 118ml

**31541** 263ml

**31542** 473ml

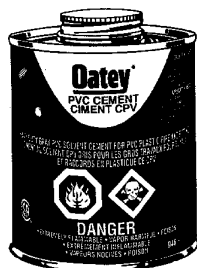

**31543** 946ml

**YELLOW LABEL**

ABS Cement standard, medium bodied cement for ABS pipe and fittings up to 6" diameter. For non-pressure applications. CSA Approved

## PVC CEMENTS

**Oatey**

**31513** 946ml

**GREY LABEL**

Oatey PVC Cement Heavy Duty, for use on PVC pipe and fittings. For use on all classes of Sch. 40 up to 6" diameter and Sch. 80 up to 12" diameter. Fills gaps in large diameter pipe. CSA Approved.

## INDUSTRIAL SEALANTS

**279368** 5oz.

3M Industrial Adhesive. Develops a strong, flexible bond very rapidly to a wide variety of materials, including most plastics, rubber, gasket materials & leather.

**Y055978** 2oz.

3M Rubber Adhesive. A general purpose, heat resistant adhesive that develops strength rapidly. Use on gaskets, weather stripping, vibration pads, pipe wrap & insulation. Yellow in colour.

**WH60X15** 5oz.

3M Industrial Sealant tube Air dries to form a flexible seal that's resistant to weather, water, oil, & fuel. Adhesion to most metals. Temperature range -65 to 200°F. Red in colour.

## TRANSITION CEMENT

**Oatey**

**31531** 236ml

**31530** 475ml

**PALE GREEN LABEL**

Transition cement - PVC to ABS white. Medium bodied white coloured cement. All schedules up to 6" diameter. CSA Approved

## THREAD LOCKERS

**32242** 6ml

Locks threaded fasteners against vibration loosening. Prevents threads from rusting and leaking

**32243** 6ml

OEM Specified as 271 high temperature, high strength for heavy duty applications. 3/8" to 1" locks studs, bushings and large fasteners against vibration loosening
