The Frigidaire PureSource²® Ice and Water Filtration System is tested and certified by NSF International, the nationally recognized and respected non-profit certification organization for public health safety.

Part #: WF2CB

Capacity: 400 Gallons

One PureSource²® filter produces 1514 litres of filtered water, which equals 3028* bottles of water.

*Based on 1/2 litre bottles. Numbers are an approximation.

Fits models:

FRS26KF6EBG
FRS26KF6EMG
FRS26KF6EWG

When is it the right time to change your water filter?

- Every 6 months, if you have municipal water
- Every 3-6 months, if you have well water
- Immediately, if your water has visible particulates or an odor
