

# Cadet® 3 Toilet

featuring the Flush Right™ system

## *A Smarter Design for Higher Performance*

### **Perfect Flat Tank Lid**

Provides superior storage and greater stability.

### **Fluidmaster 400A Water Control**

Quiet, reliable fill valve for trouble-free operation.

### **Larger Flush Valve**

3" chemical resistant flapper combined with a direct-fed jet delivers a powerful water flow to provide exceptional flush performance.

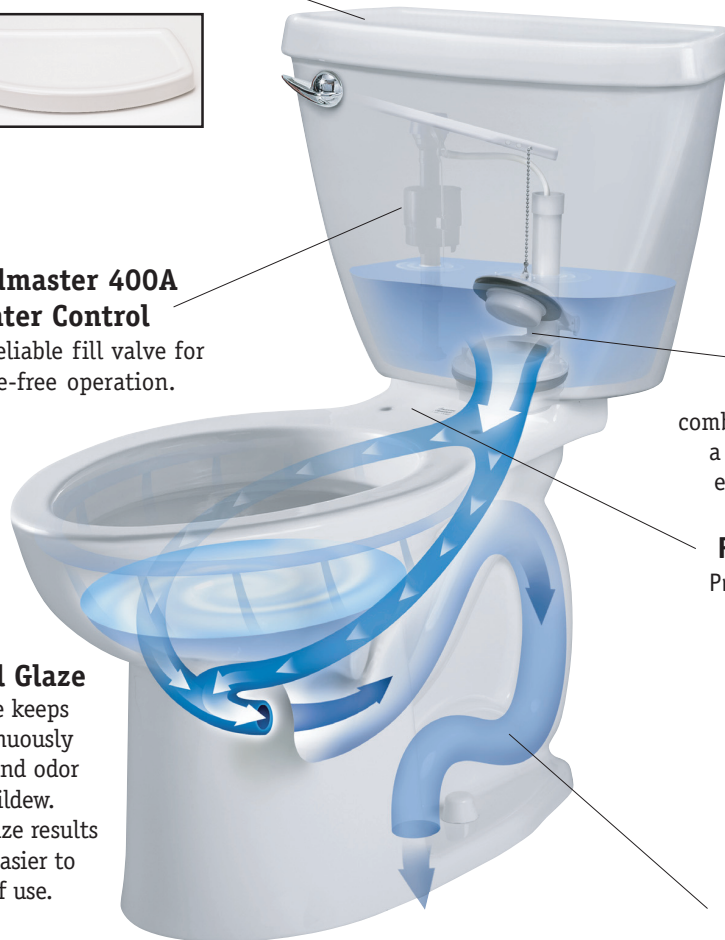

### **Raised Bowl Backsplash**

Prevents liquids from collecting between tank and bowl.

### **EverClean™ Anti-Microbial Glaze**

Permanent anti-microbial glaze keeps toilet surfaces cleaner by continuously inhibiting the growth of stain and odor causing bacteria, mold and mildew. The super smooth, permanent glaze results in a mirror-like surface that is easier to keep clean even after years of use.

### **Fully-Glazed 2-1/8" Outlet**

Delivers a faster flush with fewer clogs. The smooth outlet design eliminates choke points and reduces dust catching crevices. All toilets are factory tested for a 2" ballpass.

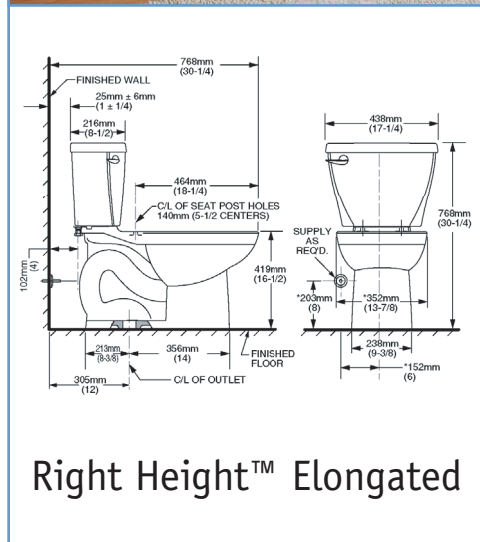

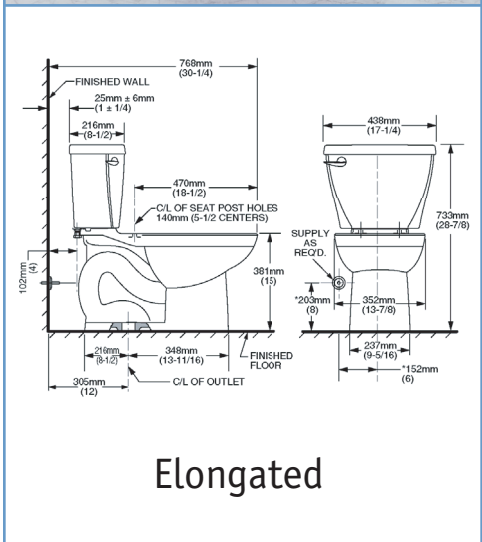

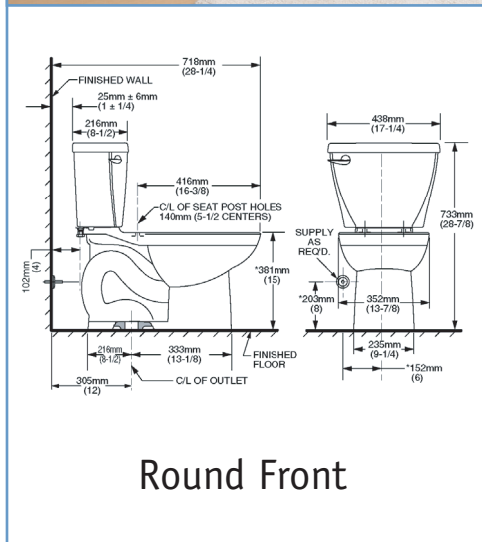

### **5 Year Warranty Inside & Out**

Let's you buy with confidence.
