

W. Ralston 2600 Series are EcoLogo Certified The EcoLogo™ Program CCD-126 for Garbage Bags

W. Ralston 2600 Series is committed to improve environmental quality:

- by reducing energy
- by reducing materials consumption
- by reducing the impacts of pollution

W. Ralston 2600 Series Garbage Bags

- Meet government and industry safety and performance standards.
- Meet requirements of *Fisheries Act* and the *Canadian Environmental Protection Act (CEPA)* for manufacture and transport.
- Use Non-toxic inks.
- Contain post-consumer material.
- Contain household post-consumer material.

"household post-consumer material" means material collected from curbside and depot collection programs serving individual households and apartments.

"post-consumer material" means a product which has served its end-use at the consumer level, has been discarded by the consumer, and would, unless diverted, enter the waste stream. This includes household post-consumer material.

"recycled material" means post-consumer material and pre-consumer material. It does not include by-products of an industrial process that can be, and regularly are, used in either the same process, or in a different process, except that proportion which originated as post-consumer material and pre-consumer material.

INDUSTRIAL AND INSTITUTIONAL CAN LINERS & GARBAGE BAGS

W. Ralston Canada operates manufacturing facilities in Eastern and Western Canada serving both the retail and industrial markets. Ralston is a leading manufacturer of Trash Bags, Can Liners, Films and Vapour Barriers with product innovation such as blends of virgin & recycled plastics, antibacterial agents, and certified compostable plastics.

Ralston is committed to ongoing product development in positive support of solid waste management issues.

2100 Series

Compostable

- Certified compostable by BNQ 9011-911 and BPI ASTM D6400

2400 Series

Food Grade

- Clear
- Approved for food contact by Agriculture Canada

2500 Series

Premium Black

- Virgin rich blend of recycled post industrial LLDPE and premium
- Hexene Resin
- The 2500 Series is our thickest line

2600 Series

Value Plus - Black

- Economical lighter gauge
- Recycled resin
- EcoLogo™ - Certified Garbage Bags CCD-126

EcoLogo
Certified Garbage Bags
CCD-126

2700 Series

Recycled - Black

- Similar to the 2500 Series
- Lighter gauge with a higher content of recycled resin

2800 Series

High Density - Frosted

- Made from quality high molecular weight - high density resin
- These bags have exceptional strength and are ideal for heavy, wet trash.
- Packed in mini-rolls

2900 Series

Transparent and Colours

- Made from Hexene resin allowing significant downgauging, while still maintaining superior characteristics
- Transparent is EcoLogo™ - Certified Garbage Bags CCD-126

Ralston Quality Plastics
100% **CANADIAN**

Each Series has its own unique formulation providing the broad spectrum of qualities and economies necessary to satisfy this demanding market.

- Complete range of sizes.
- Available in different colours (2900 Series).
- Outstanding elongation and tear characteristics.
- Custom sizes and colours also available.

User Friendly Cartons!

- Unique one-at-a-time end dispensing cartons allow easy access and ease of stacking.
- All cases have colour coded wrap around labels clearly identifying series, size, count, colour and strength.
- All linear low density series case counts are the same by strength and size.
- Cartons are 70% recycled material with minimum 50% post consumer.
