

DRAIN POWER

Technical Data Sheet

Application: Drain Opener

Description

This concentrated sulfuric acid liquid drain cleaner is used for opening clogged drains and keeping them open. It is concentrated and convenient to use. This product goes to work immediately on all waste and debris clogging drains. Proper safety precautions must be followed when using this product.

Directions

Use 250 mL of product for initial treatment. If a second application is required, repeat initial treatment. Due to the corrosive nature of this product, appropriate PPE must be worn at all times. DO NOT MIX WITH ANY OTHER CHEMICAL COMPOUNDS.

Personal Protective Equipment Required

- Splash-proof safety glasses
- Rubber gloves
- Impermeable clothing and boots
- NIOSH Approved respirator

General First Aid Information

• Inhalation

Remove victim to fresh air. If breathing is difficult, oxygen may be beneficial if administered by trained personnel. Immediately transport victim to an emergency care facility.

• Ingestion

Rinse victim's mouth with water. DO NOT INDUCE VOMITING. Have victim drink 300 mL of water to dilute material in stomach. If milk is available, it may be given AFTER the water. Transport victim to an emergency facility.

• Skin Contact

In case of contact with skin, remove contaminated clothing and flush with water for at least 60 minutes. Do not interrupt flushing. Transport to an emergency facility.

• Eye Contact

In case of contact with eyes, continuously flush eyes with plenty of water or neutral saline solution for at least 60 minutes. Transport to emergency facility.
