

Smoke Alarm with Safety Light

Smoke alarms should be placed on every level of your home and in bedrooms for maximum protection.

Features:

- **Ionization Technology** – Better at detecting fast flaming fires.

- **Battery Powered** – 9V battery included. Easy installation – no wiring required.

- **Test Button** – Tests circuitry and verifies alarm operation.

- **Hush® Button** – Quickly silences nuisance alarms.

- **Safety Light** – Illuminates an exit route to safety.

- **Low Battery Indicator** – Warning chirp sounds when battery needs replacement.

- **Special mounting bracket included** – Allows for fast installation.

Specifications:
