

# *Introducing* **The NEW Gorilla Epoxy!**

**Can the best get better?  
We think so.**

- Dries crystal clear
- Low odor, unlike most epoxies
- Perfect for filling gaps — zero shrinkage, strong, fast, and nearly invisible.
- Best 5 minute epoxy on the market!
- Improved bond strength on all materials, including hard to bond materials like plastic.
- Versatility — Bonds: Metal, Plastics, Stone, Wood and More.
- Faster — handling time is only 30 minutes.
- Superior water resistance, maintaining bond strength after 7 day soak in water.
- Outside as great as the inside — improved packaging and advertising communicate the strength, versatility and new features of this robust formula!
