

# Flexible Grey Vinyl Ducting

GFD Series

**DUNDAS•JAFINE**

Leaders in Flexible Duct Systems  
and Air Distribution Products

## Applications

Dundas Jafine Flexible Two Ply Grey Vinyl Ducting can be used for a number of applications including: Heating, Air Conditioning and Exhausting.

## Warranty

Dundas Jafine Flexible Two Ply Grey Vinyl Ducting is warranted to be free from defects in workmanship and material for one year from date of purchase.

## Code Compliance

Dundas Jafine recommends that you check with the local code body, having jurisdiction in your area, to determine applicable codes.

## Note

NOT RECOMMENDED FOR  
DRYER VENTING

## Air Connector

This product consists of a 2-ply grey PVC film encapsulating a high density, corrosion resistant wire helix, forming an air tight, easy to use, quality air connector. It is ideal for use in general purpose exhaust applications including bathroom fans and furnace mounted humidifier units. The product comes in conveniently boxed 25 foot lengths, compressed for easy shipping and handling.

## Features

- Totally flexible
- General purpose use

## Benefits

- Easy to install
- Can be used in many exhaust applications

# Flexible Grey Vinyl Ducting (GFD Series)
