

QS1/QS2

Quiet Series Upright

HEPA Media-Filter

7 stage HEPA Media-filter captures and removes up to 99.97% of allergens, irritants and pollutants – before any air exits from the vacuum.

Air By-Pass Valve

Prevents damage to the motor from overheating.

Quick-Change Power Cord

Convenient and reduces down time. No need to send in the machine to swap the cord. Replace the damaged cord on the spot!

Tools-On-Board

All cleaning tools are on-board and readily available. The tools included are:

- Quick draw wand with metal telescopic wand for a maximum cleaning reach of 12ft.
- 10ft stretch hose
- Crevice tool
- Dusting brush

Clog-Out Port

Enables easy access to your vacuum hose for an easy clean out.

Specifications

	QS1	QS2
Model Number	70100	70200
