KEEP OUT OF REACH OF CHILDREN

**DOKTOR DOOM GO GREEN PREMIUM QUALITY
BAITED INSECTICIDE** takes advantage of mineral
deposits of diatoms which have been found useful in reducing
crawling insect pest populations in and around the home. The
patented manufacturing process of this product combines two
food-grade additives, one of which attracts the insects while
the other is a digestive ingredient. This formulation usually
kills crawling insects within 48 hours from internal and external
abrasive action. This fine powder is odour free, does not
discolour and is not harmful to animals, fish, fowl or food, when
used as directed. Product is effective as long as it is present
and can be used indoors or outdoors.

RATE OF USE: DRY POWDER – Lightly coat desired areas using 50g of Doktor
Doom Go Green Premium Quality Baited Insecticide per 10 square metres.

SPRAY APPLICATION – Apply to point of wetness using 75g of Doktor Doom
Go Green Premium Quality Baited Insecticide in 1 litre of water per 10
square metres.

DIRECTIONS FOR USE:

Outdoor Use: For best results use in areas where dust application cannot be
affected by heavy rains or high winds. Effective in controlling Slugs, Earwigs,
Sowbugs, Beetles, Wasps, Spiders, Ants, Crickets, Caterpillars, Millipedes, and
Centipedes. Lightly coat areas where insects hide, including around building
foundations, window and door sills, patios, porches, along ant trails, around
gardens, and under hedges, shrubs and trees. Spray application is recommended
for Slug control. Do not apply to food crops.

Indoor Use: Cockroaches, Ants, Bed Bugs, Silverfish, Earwigs, Crickets,
Millipedes, Centipedes, Spiders and Grain Insects. Lightly coat areas where
insects hide, such as cracks, crevices, behind and beneath appliances, cabinets,
sinks, garbage cans, pipe and drain openings, attics and basements.

Fleas: Thoroughly dust pet sleeping quarters and surrounding cracks and
crevices. Repeat treatment as necessary.

Bed Bugs: Disassemble beds and dust frames, joints, mattresses, tufts and
seams, floors and baseboards.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Avoid breathing dust. Do not use as space spray. Avoid contact with eyes. Wash
hands after use.

FIRST AID:

If in eyes, hold eye open and rinse slowly and gently with water for 15-20
minutes. Remove contact lenses, if present, after the first 5 minutes, then
continue rinsing eye. Call a poison control centre or doctor for treatment advice.
Take container, label or product name and Pest Control Product Registration
Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL:

Do not reuse empty container. Wrap empty container and discard in household
garbage.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on
the label. It is an offence under the Pest Control Products Act to use this product
in a way that is inconsistent with the directions on the label. The user assumes
the risk to persons or property that arises from any such use of this product.
