# Power Clean Series

## Fast Track Back Vac

The **Fast Track Back Vac** allows users to maintain a more neutral posture compared to frequent extreme arm and leg extensions seen when using a canister or upright vacuum. Users can vacuum easier and faster with less back strain, enhancing productivity and operator satisfaction.

**Fast. Efficient. Productive.**

# Power Clean Series

## Fast Track Kit

The **Fast Track Kit** allows for improved productivity during floor cleaning, reduces cleaning steps and requires fewer hours to get the job done. It attaches onto the Integra Scrub (sold separately) using the included face plate mount, and plugs into the machine power with an adapter (included).

**40%** labour savings.

"Best in the Industry" Warranty: **10-year** warranty on the body and **7-years on motor**, pigtail and switch.

Using the **Corlon Filter** will help avoid blinding and ensures consistency throughout the cleaning process. The filter is inserted into the **6 Quart HEPA Micro-Ply filter** and picks up the fine dust that is produced when removing multiple layers of finish, without chemicals.

The Kit mounts to the Integra Scrub 20" and 28", allows for improved productivity during floor cleaning, reduces cleaning steps and requires fewer hours to get a job done.

HEPA filtration removes dust, pollen, pet dander and mold down to **0.3 microns** with a **99.97** cleaning efficiency.

Eliminates airborne particulates, reducing the man hours to complete the cleaning process.

**Dirt and dust can't resist them! Redefine the way you clean with the Fast Track!**

# Specifications
