

“KLING-ON”

A specially formulated thick liquid acid cleaner that dissolves scale, lime, uric acid, urinal blocks, and any hard water build up that may exist in urinals. Contains inhibited ingredients that prevent corrosion up to 95%.

Applications: Slow draining urinals and pipes.

Directions / Dilutions: Pour Kling-On directly into drain. Product will cling to the sides of the pipe, let sit for several hours and flush with water. For best results use late at night when there is no water flow. Kling-On will not heat up or create noxious odours.

Laboratory Analysis:

Appearance:	Thick brown liquid
Odour:	Cherry Scent
Flammability:	None
p.H.:	>1
Solubility:	Excellent

Packaging: 12 X 909 mL bottle

Evaluated and accepted for use in Registered Establishments by the Government of Canada, Canadian Food Inspection Agency.
