Health Hazard	*	0
Fire Hazard		0
Reactivity		0
Personal Protection		A

This product is regulated under the cosmetic act

1. Product and company identification

Product name	: SINCERELY LOTION SOAP	Code	: 13-12355
Date of issue (dd/mm/yyyy)	: 2012-11-09.	Material uses	: Industrial applications: Hand soap
Supplier	: Wood Wyant A division of Sani-Marc Group 42, rue de l'Artisan Victoriaville, Québec G6P 7E3	Manufacturer	: Wood Wyant A division of Sani-Marc Group 42, rue de l'Artisan Victoriaville, Québec G6P 7E3

In case of emergency : Emergency phone: CANUTEC (613) 996-6666 (Collect calls accepted)

2. Hazards identification

Potential hazards described in this section are not expected when manufacturer's direction for use and proper security measures are observed.

Physical state : Liquid. **Odor** : Lavander

Emergency overview : CAUTION

Harmful if swallowed. Slightly irritating to the eyes Do not ingest.If an irritation appears or becomes noticeable, stop using the product. Get medical attention if symptoms persist. Avoid contact with eyes. Keep container tightly closed and sealed until ready for use..

Routes of entry : Not available.

Potential acute health effects

Inhalation : Irritating to respiratory system.

Ingestion : Harmful if swallowed.

Skin : Irritating to skin.

Eyes : Slightly irritating to the eyes.

See toxicological information (Section 11) for more details.

3. Composition/information on ingredients

Name	CAS number	% (w/w)
Cocamide diethanolamine	68603-42-9	1 - 5
Sodium laureth-2 sulfate	68585-34-2	1 - 5
2-hydroxyethyl stearate	111-60-4	0 - 1

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

4. First aid measures

Eye contact : Check for and remove any contact lenses. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Get medical attention if symptoms occur.

Skin contact : In case of irritation, flush skin with water. Get medical attention if symptoms persist.

Inhalation : Move exposed person to fresh air. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention immediately.

Ingestion : Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Protection of first-aiders : No action shall be taken involving any personal risk or without suitable training. If it is suspected that fumes are still present, the rescuer should wear an appropriate mask or self-contained breathing apparatus. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

5. Fire-fighting measures

Flammability of the product	: In a fire or if heated, a pressure increase will occur and the container may burst.
Extinguishing media	
Suitable	: Use an extinguishing agent suitable for the surrounding fire.
Not suitable	: None known.
Special exposure hazards	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Decomposition products may include the following materials: carbon dioxide carbon monoxide sulfur oxides metal oxide/oxides
Hazardous thermal decomposition products	
Special protective equipment for fire-fighters	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

Personal precautions	: No specific measure needed
Environmental precautions	: No specific measure needed
Small spill	: No specific measure needed
Large spill	: No specific measure needed

7. Handling and storage

Handling	: Always handle chemical product with care.
Storage	: Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area. Store away from incompatible materials (see section 10). Do not store near food and drink. Keep container tightly closed and sealed until ready for use. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

8. Exposure controls/personal protection

Occupational exposure limits		TWA (8 hours)			STEL (15 mins)			Ceiling			Notations
Ingredient	List name	ppm	mg/m ³	Other	ppm	mg/m ³	Other	ppm	mg/m ³	Other	
2-hydroxyethyl stearate	US ACGIH 3/2012	-	10	-	-	-	-	-	-	-	[a]
	AB 4/2009	-	10	-	-	-	-	-	-	-	[3]
	BC 9/2011	-	10	-	-	-	-	-	-	-	
	ON 7/2010	-	10	-	-	-	-	-	-	-	[a]
[3]Skin sensitization											
Form: [a]Total particulate mass											

Consult local authorities for acceptable exposure limits.

Recommended monitoring procedures	: No specific measure needed if no exposure limit established and under normal use.
Engineering measures	: No specific measure needed under normal use.
Hygiene measures	: No specific measure needed under normal use.

Personal protection

Respiratory	: No specific measure needed
Hands	: No specific measure needed
Eyes	: No specific measure needed
Skin	: No specific measure needed

Environmental exposure controls : No specific measure needed

9. Physical and chemical properties

Physical state	: Liquid.	Molecular formula	: Not applicable.	Flammable limits	: Not available.
Color	: Pink	Molecular weight	: Not applicable.	Burning rate	: Not applicable.
Odor	: Lavander	Vapor pressure	: Not available.	Burning time	: Not applicable.
Relative density	: 1.01	Vapor density	: Not available.	Critical temperature	: Not available.
pH	: 6.4	Volatility	: Not available.	Auto-ignition temperature	: Not available.
Viscosity	: Not available.	Evaporation rate	: Not available.	Flash point	: [Product does not sustain combustion.]
Odor threshold	: Not available.	Ionicity (in water)	: Anionic.	Dispersibility properties	: Not available.
Solubility	: Easily soluble in the following materials: cold water and hot water.				
Melting/freezing point	: Not available.				
		Boiling/condensation point	: Not available.		

10. Stability and reactivity

Chemical stability	: The product is stable.
Conditions to avoid	: No specific data.
Materials to avoid	: No specific data.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.

11. Toxicological information

The symptoms, hazards and situations described in this section are not expected when manufacturer's direction for use, proper security measures and given professional exposure limits are correctly followed.

Potential chronic health effects

Chronic effects	:
Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Teratogenicity	: No known significant effects or critical hazards.
Developmental effects	: No known significant effects or critical hazards.
Fertility effects	: No known significant effects or critical hazards.
Target organs	: No specific data

Over-exposure signs/symptoms

Inhalation	: No specific data
Ingestion	: In case of ingestion, adverse symptoms may include the following: Abdominal cramps, stomach pain, nausea.
Skin	: No specific data
Eyes	: Adverse symptoms may include the following: irritation watering redness

Medical conditions aggravated by over-exposure

Pre-existing disorders involving any target organs mentioned in this MSDS as being at risk may be aggravated by over-exposure to this product.

Acute toxicity

Product/ingredient name	Result	Species	Dose	Exposure
Sodium laureth-2 sulfate	LD50 Oral	Rat	1600 mg/kg	-
Cocamide diethanolamine	LD50 Oral	Rat	2700 mg/kg	-
2-hydroxyethyl stearate	LD50 Oral	Rat	>5000 mg/kg	-

Irritation/Corrosion

Product/ingredient name	Result	Species	Score	Exposure	Observation
2-hydroxyethyl stearate	Skin - Mild irritant	Rabbit	-	24 hours 500 milligrams	-

Carcinogenicity Classification

Product/ingredient name	ACGIH	IARC	EPA	NIOSH	NTP	OSHA
2-hydroxyethyl stearate	A4	-	-	-	-	-

12. Ecological information

Ecotoxicity	: No known significant effects or critical hazards.
--------------------	---

13. Disposal considerations

Waste disposal	: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
-----------------------	--

Waste stream	: Not available.
---------------------	------------------

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

14. Transport information

Regulatory information	UN number	Proper shipping name	Classes	PG*	Label	Additional information
DOT Classification	Not regulated.	-	-	-		-
TDG Classification	Not regulated.	-	-	-		-

PG* : Packing group

15. Regulatory information

United States inventory (TSCA 8b)
WHMIS (Canada)
Canadian lists

: Not determined.
: Not controlled under WHMIS (Canada).
: **CEPA Toxic substances:** None of the components are listed.
Canadian ARET: None of the components are listed.
Canadian NPRI: None of the components are listed.
Alberta Designated Substances: None of the components are listed.
Ontario Designated Substances: None of the components are listed.
Quebec Designated Substances: None of the components are listed.

Canada inventory

: At least one component is not listed.

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

16. Other information on the product

Label requirements : CAUSES RESPIRATORY TRACT AND SKIN IRRITATION. MAY BE HARMFUL IF SWALLOWED. MAY CAUSE EYE IRRITATION.

Date of printing (dd/mm/yyyy) : 2012-11-09.
Date of issue (dd/mm/yyyy) : 2012-11-09.
Date of previous issue (dd/mm/yyyy) : No previous validation.
Version : 1

Note: MSDS are valid for a 3 years period after the date of issue

MSDS prepared by:
QA and Documentation Department
Wood Wyant
A division of Sani-Marc Group

Victoriaville, Québec
G6P 7E3

 Indicates information that has changed from previously issued version.

Notice to reader

There are potential hazards to people and goods associated with the use of this product which are detailed in the present Material Safety Data Sheet (MSDS). To minimize potential hazards associated with this product it is of users responsibility to conform the directions for use and all other instructions provided in the Material Safety Data Sheet (MSDS) of this product. The manufacturer, distributors and suppliers of this product are exonerating themselves and consequently shall not be liable for any prejudice or damage of any kind, resulting from the use of this product which may not be in accordance with the directions for use or all the instructions provided in the present Material Safety Data Sheet (MSDS) or resulting from an unadvised use of the present product..

Emergency phone: CANUTEC (613) 996-6666 (Collect calls accepted)
