

Power Wash

Does all the work for you!

Pressure washers effectively remove soils from a multitude of surfaces. Power Wash works well with a pressure washer to break down and loosen tough dirt deposits, grease, oil and road grime from most hard surfaces. Its high foaming formula clings well to vertical and hard-to-reach surfaces and allows for a prolonged dwell time. Designed for trucks and the transportation industry, it works quickly with minimum effort and is safe for all metal and painted surfaces.

- No scrubbing needed
- Works great as a spray and wipe degreaser
- Safe to use on decals at any strength
- Fast acting formula cleans in no time
- Contains an additive to dissolve and emulsify rust stains
- Water-based, biodegradable, bleach and solvent free
- Ideal for awnings, concrete, vinyl, siding, fencing, and more
- Can easily be integrated into your current power wash system
- Rinses easy and leaves no residues or film
- Also works great with the HydroFoamer (H483)

Dilutions:

Light duty cleaning	1:120
Normal cleaning	1:80
Heavy duty cleaning	1:60
Vehicle wash	1:120
Spray & wipe	1:10
Auto-scrubber	1:160

Note: Over-use will adversely affect the residue free properties.

Code:

51369	(4 L)
51370	(20 L)
51371	(210 L)

Add Bug Slugger for an extra kick

Specifically formulated to loosen up and eliminate protein based stains, soot and tire marks, Bug Slugger is a great booster for Power Wash. It adds an extra kick to your solution to provide an even deeper clean for your toughest jobs.
