

# Part Install Instructions

Induction Control/Tray and Cooling Fan Motor Gasket

WB27X27843 or WB27X27844

## IMPORTANT SAFETY NOTICE

The information in this part instruction is intended for use by individuals possessing adequate backgrounds of electrical, electronic and mechanical experience. Any attempt to repair a major appliance may result in personal injury and property damage. The manufacturer or seller cannot be responsible for the interpretation of this information, nor can it assume any liability in connection with its use.

## WARNING

To avoid personal injury, disconnect power before servicing this appliance. If electrical power is required for diagnosis or test purposes, disconnect the power immediately after performing the necessary checks. RECONNECT ALL GROUNDING DEVICES if grounding wires, screws, straps, clips, nuts, or washers used to complete a path to ground are removed for service, they must be returned to their original position and properly fastened.

## Parts Included:

- Induction Control/Tray Assembly
- Cooling Fan Motor Gasket (WB35X24260)
- Instruction Sheet

## Overview – Added cooling fan motor gasket to Induction Control/Tray Assembly

When replacing the Induction Control assembly, a new cooling fan motor gasket must be installed. Remove paper backing from the gasket and place gasket on the bottom of the tray around the cooling fan motor input opening.
