## Product Specification Sheet

PRODUCT MODEL CODE

# RV20

Low-Profile Roof Vent

### 1. PRODUCT SUMMARY

The Primex Low-Profile Roof Vent (RV20) is built for the through-roof exhaust of dryers, bathroom and kitchen fans, stove vents, and intake for furnaces, fresh air make-up, and attic venting.

This patented, durable, watertight roof vent is easily installed and adapted to fit 4, 5 or 6-inch ducting for an aesthetically-pleasing, perfect fit every time.

### 2. PRODUCT DIMENSIONS

HOOD SIZE: H: 6.5" / W: 7" / D: 4.9"

### 2. FEATURES & BENEFITS

- Patented design eliminates leaky joints and maximizes water protection with one-piece molded hood and over-sized flange.
- Aesthetically-pleasing, low-profile styling.
- Molded-in screen to prevent bird and rodent infiltration.
- Long lasting durability with UV-protected, impact-resistant Polymer resin.
- Compatible with 4, 5 or 6-inch ducting with included RV45 easy snap-in adapter.
- Simple intake/exhaust conversion via removable damper.
- Quick and easy installation with, installer-friendly packaging (vent/adaptor bagged together).

**NOTE:** For dryer applications use 'no screen (NS)' model.

### 3. COLOURS

- Black (25)
- Tan (45)
- Dark Grey (28)
- Dark Brown (68)
- Light Grey (31)
