

KEGRIVER

Keg River Ice Melters

www.kegrivericemelters.com

High-end performance

- Contains Calcium Chloride – the best Ice Melter ingredient – best combination of speed and duration in ice melting.
- Generates heat and brine quickly for a synergistic effect to make other ingredients perform better and improves effective temperature of Yukon Gold to - 31°C.
- Safe to use: Calcium Chloride is used extensively in the environment by highways departments for de-icing and dust control (gravel roads); it is also used as fertilizer in agriculture, and as a food additive – a safe and proven ingredient.

INDIGO™ soluble marker

- Environmentally inert Blue marker shows where product is applied and reduces incidence of over-application.
- Dye is water-soluble and UV sensitive dye – leaves no colour residue on concrete or flooring.

Zip-Lock re-sealable bag (20 kg)

- Easy re-sealing prevents spills and preserves product.

Safe to use Ice Melter

- Yukon Gold will not harm vegetation, properly air-entrained concrete or pets when used as directed. Beware of ice melter brands that claim complete safety to plants. Any Ice Melter can harm plants with over application.

10 kg & 20 kg Bags

16 kg Pail, Flip Lid
