

# DB7

## Wet/Dry Vacuum

Specifications	DB7
Model Number	28562
Vacuum Type	Wet/Dry
Tank Capacity	7.1 Gal (27 L)
Power	1.74 hp (1300 W)
Airflow	118 cfm
Amps	8.5 A
Voltage	110-120 V
Vacuum Motor	2-stage
Water Lift	105" (266.7 cm)
Power Cord	28' (8.5 m)
Hose Length	8' x 1 <sup>1</sup> / <sub>3</sub> " (2 m x 36 mm)
Weight	23 lbs (10.5 kg)
Sound Pressure Level	65 dB
Approval(s)	cUL
Tool Kit	Included

## THE POWER OF A SANIFILTER

Sanifilters are manufactured with an antibacterial treatment that can destroy cell membranes of different fungi, viruses or parasites, promoting a safer space for your facility. Each vacuum is equipped with a sanifilter to trap harmful pathogens that have been captured from deep within floors and carpets. The durability of sanifilters also allow for continued use and therefore, can stay in the machines for long periods of time without worry of bacterial growth.

## UP TO 75% RECYCLED PLASTIC

We're taking a new, more sustainable approach to heavy-duty cleaning by offering a full lineup of commercial and industrial vacuums manufactured with strictly selected plastic waste. Tested for maximum durability the DB Series offers the same quality and lifespan as standard vacuums but with a greener commitment – primarily sourced from bottles and jugs.

## INCLUDED TOOL KIT

Ready when you are! Start using your new DB vacuum right away with the ergonomic tools and accessories to tackle every mess and every surface. Features a new, virtually unbreakable reinforced aluminum wand to handle intense operations and aggressive movements without dents or damage. *See reverse side for more details.*
