TRAP SNAKE™

THE INTERCHANGEABLE, POWERED AUGER SYSTEM

The M12™ TRAP SNAKE™ 25' Auger, 6' Toilet Auger and 4' Urinal Auger are the first powered augers designed for porcelain fixtures. The TRAP SNAKE™ System allows for a dedicated power source to clear clogs in toilets, urinals, floor traps, sinks, bathtubs and showers. These tools deliver power and speed to work through tough clogs in tight traps. When paired with the M12™ TRAP SNAKE™ Driver our electronics control RPM and maximum torque output to protect porcelain fixtures and allow users to feel when engaged with a blockage for aid in retrieving.
