

FEEL THE MEGAPRO ADVANTAGE

THE ORIGINAL MEGAPRO 15-IN-1

Part#: 15INAS

For over 25 years the Megapro Original 15-in-1 Multi-bit screwdriver has been helping professionals and weekend warriors get the job done. Made in the USA and Canada, our premium quality screwdrivers feature a winning combination of patented features that make all the difference. When you start using a Megapro – you'll know.

Alloy Steel Shaft with 1/4" Hex Nut Driver

This ultra strong shaft is molded directly into the handle and includes a BONUS nut driver directly within it.

EZ Guide Collar™

A fully-rotational collar ring that helps maintain alignment and provides greater control.

Ultra-strong TRIAX™ Handle

Engineered from extra tough Triax 1120 — we've never had a handle come back broken.

7 Double-ended Bits

Bits made with high-quality S2 Steel are durable and built to last.

Retractable Bit Cartridge

In-handle bit storage that provides quick and efficient access to 14 of the most popular bits.

Palm-saver Cap™

Large, comfortable cap that moves with your palm, preventing blisters

MORE FAVORITES

RATCHETING

Part#: 211R2C36RD

Featuring a 28-tooth precision ratcheting mechanism and a rubberized grip for maximum torque — it's a game changer for comfort in use.

TAMPERPROOF

Part#: 151TP

Essential for MRO professionals; this screwdriver contains 14 of the most popular tamperproof bits including the Spanner and Torx Pin.

STAINLESS STEEL

Part#: 151SS

All the benefits of the Original but with a stainless steel shaft and electroless nickel-plated bits that are corrosion resistant.

ORIGINAL 8-IN-1

Part#: 8ININAS

A cost effective option with 7 of the most popular bit tips and the original retractable bit cartridge and Palm-saver Cap™.
