	10445 ED22150-120-277-SL GLB	2					/	/

Standard: 277/347 V

Ballast Description			1 Lamp Load		2 Lamps Load		Remark	
Brand	Order code	Number of lamps	Input Voltage				Dimming	Ballast version
			277 V	347 V	277 V	347 V		
Standard	31006 E2150-347S	2					/	/
	31279 E22142-347-TDE FLX	2					/	/
	31527 E22642-347-A-TDE-FLX	2					/	/
	10448 ED2150-347S	2					/	/
	10449 ED22150-347-BLS GLB	2					/	/

Ballasts test are performed with a specific manufacturing date code. Older ballasts, with the same model numbers may have different electronic designs and consequently compatibility may vary. Similarly, newer ballast, with the same model number, may have undergone revisions that may affect compatibility. Compatibility may also extend beyond this list and Stanpro recommends testing a few fixtures with the ballast compatible lamps, even if the ballast is on this compatibility list, to ensure compatibility and performance.

To validate compatibility with ballasts that are not on this list, please contact your sales representative
